Thank you for supporting your local Minsky's Pizza and our staff by choosing to dine with us! Minsky's Pizza has been a Kansas City favorite for over 44 years, and our plan is to stay that way for at least another 44 years. That's why we chose to delay opening our dining rooms - for the safety of our employees and customers. We've made important changes in our operations to ensure that we are ready to serve our customers in the safest environment we can provide. We ask that you please be patient with us as our new operations require us to spend more time ensuring your safety.

UPDATED OPERATIONS

In the coming weeks and months, Minsky's is working hard to implement a Microbial Reductions System from Synexis, the first company to create and patent gas phase hydrogen peroxide that is used for occupied spaces. The new system reduces contaminants such as viruses (including the Coronavirus), bacteria and mold, making it an even safer space for our customers to dine and enjoy themselves. Ask your server about installation timing or let us know if you have questions.

Precautions currently in place:

- We check all employee temperatures upon arrival and send those home who are not well.
- All employees are required to wear masks and gloves and thoroughly wash their hands per CDC guidelines.
- Thorough cleaning of the restaurant, including internal and external door handles, hourly.
- A hand sanitizer station is available for guests at each location.
- We are maintaining appropriate distances between tables and chairs as outlined by local government.
- We ask guests who do not feel well to not enter our restaurants

Thank you again for choosing Minsky's Pizza - we're glad you're here!

Sincerely,
Gregg Johnson, CEO and Founder
